

Welcome to Mr. Hicks' Class!

Greetings,

My name is Josh Hicks. This year is my 21st year teaching and my second at Anderson Christian School. I am very excited to be back at ACS! I will be teaching Pre-Algebra, Algebra 1 (Honors), Geometry (Honors), Fundamentals of Computing and Computer Class for Kindergarten through 7th grade.

My wife, Erin, and I have been married for 24 years. We have 6 children, 3 daughters and then 3 sons. My oldest, Chrissy, just graduated from the University of Wisconsin in Madison with a Masters of Musicology and a Masters in Library Science. Next, Elaine, lives in Goose Creek, SC with her husband Bryan who is training in the Naval Nuclear Program. Olivia, my youngest daughter, is a Freshman at Clemson University. Joey, my oldest son, is studying at Tri-County Tech and planning to attend Clemson University. My middle son, Sonny, is a Junior at ACS. Matty, my youngest, is in the 8th grade.

My family and I attend the Church of the Ascension, an Anglican church plant in Anderson. I serve on the Leadership Council, run sound, and teach children's catechesis. We enjoy hiking, camping, and disc golf. We also make soap, lamps, crocheted items, and handmade wood crafts that we sell at fairs and farmer's markets.

Anderson Christian School is the fifth South Carolina private school for which I have taught. I have previously taught at The King's Academy in Florence, 7 years at Trinity Collegiate School in Darlington, 4 years at Hilton Head Preparatory School in Hilton Head, and 8 years at Cross Schools in Bluffton. I also spent 2 years in youth ministry for the Church of the Cross in Bluffton. Over the years, I have taught all levels of mathematics as well as physics, computer, history, Spanish, robotics, woodshop, and Bible.

I am looking forward to meeting all of you in August!

Mr. Josh Hicks
