

***Anderson Christian School  
Middle and High School  
Social Studies Classes***

Hello, my name is Joe Hulseley and while this will be my first year at Anderson Christian School, it will be my 30<sup>th</sup> year as a teacher or administrator. Even though most of my educational experience has been as an administrator, my passion has always been teaching either social studies or Bible. I became an educator because of some great teachers that I was blessed with, so I am very excited about the opportunity to teach social studies at ACS this coming year.

I hold an undergraduate degree in social studies education from Armstrong State University in Savannah, GA, and a master's degree in history from Georgia Southern University. I look forward to teaching Ancient History (to 6<sup>th</sup> graders), Cultural Geography (to 7<sup>th</sup> graders), American History (to 8<sup>th</sup> graders), World History (to 9<sup>th</sup> graders), Government and Economics (to 10<sup>th</sup> graders), and United States History (to 11<sup>th</sup> graders).

My wife Marcy and I moved to Greenville last year to be closer to our sons and have been married for 39 years. My wife is a computer software tester for the Veteran's Administration and works remotely from home. Our two grown sons, Joseph and Josiah also live and work in the Greenville area. We are active members of Rocky Creek Baptist Church. My interests include sports, traveling, and being with my family and we have two Jack Russell Terriers.

My hope is that students come to appreciate their classes with me as we study God at work throughout history and in our world. I will work to help young people better understand how to interpret things through a Biblical worldview and will assist them to become better at expressing their thoughts and defending their beliefs. I look forward to meeting everyone soon.

Joe Hulseley
