

Dear Parents,

I would like to take this opportunity to introduce myself. My name is Tyra King and I will be your child's teacher this year. I live in Anderson with my family. My husband Scott and I have been married for 23 years and have pastored for 20 years. We have two teenage sons who also attend ACS.

I graduated college from Anderson University with a degree in Human Resources. And I have spent the last several years substituting for Anderson School District 5 preschool classes and then of course this will be my third year working in the K3 classroom at ACS and my second year teaching.

K3 is an exciting time in your child's life. It is also a year of big adjustment, especially at first. Your child will be learning listening skills, social skills, responsibility and creativity. We will also be learning about shapes, colors, numbers, letters and sounds. However, the most important thing we will be learning this year is about God and His love for each of us.

Again, I am really excited about this school year and am looking forward to getting to know you and your child.

Love in Christ,

Tyra King
